## 1. Title

### Coláiste Stiofáin Naofa Data Protection Policy

## 2. Introductory Statement

- 2.1. All personal information which Cork ETB holds is protected by the Data Protection Acts 1988 and 2003. Cork ETB takes its responsibilities under these laws seriously.
- 2.2. This policy document will set out, in writing, the manner in which personal data relating to staff, students and other individuals (e.g. parents, ETB members, members of boards of management etc.) are kept and how the data are protected.
- 2.3. The functions of the Cork ETB extend to schools, centres and programmes established or maintained by that ETB as well as to the ETB's Head Office. Unless otherwise stated in this policy:
  - 2.3.1. The provisions herein shall apply to all those bodies which operate under the remit of the ETB, and  
All references within this policy to "ETB" shall refer to all bodies established or maintained by that ETB.

## 3. Data Protection Principles

Cork ETB is a *data controller of personal data* relating to its past, present and future employees, students, parents, ETB members, members of ETB schools boards of management and various other individuals. As such, Cork ETB is obliged to comply with the principles of data protection set out in the Data Protection Acts 1988 and 2003 which can be summarised as follows:

- 3.1. **Obtain and process *Personal Data* fairly:** Information on Coláiste Stiofáin Naofa students is gathered with the help of students, parents/guardians and staff. Information is also transferred from their previous school(s). In relation to information the Coláiste Stiofáin Naofa holds on other individuals (members of staff, individuals applying for positions within the Coláiste Stiofáin Naofa, parents/guardians of students etc.), the information is generally furnished by the individual themselves with full and informed consent and compiled during the course of their employment or contact with Cork ETB. All such data are treated in accordance with the Data Protection Acts and the terms of this Data Protection Policy. The information will be obtained and processed fairly. This will be achieved by adopting appropriate data protection notices at the point of data capture e.g. staff application forms, student enrolment forms, online applications. An example of such a notice is set out in **Appendix 1** which contains the **Data Protection Statement** used by Coláiste Stiofáin Naofa Programme in its student enrolment forms. While an express signature of indication of consent is not always required, it is strongly recommended, and will be requested, where possible. The minimum age at which consent can be legitimately obtained for processing and disclosure of *Personal Data* is not

defined in the Data Protection Acts. However, the Data Protection Commissioner recommends, that, *“as a general rule in the area of education, a student aged eighteen or older may give consent themselves. A student aged from twelve up to and including seventeen should give consent themselves and, in addition, consent should also be obtained from the student's parent or guardian. In the case of students under the age of twelve consent of a parent or guardian will suffice.”*

- 3.2. **Keep it only for one or more specified and explicit lawful purposes:** Coláiste Stiofáin Naofa will inform individuals of the reasons for collecting their data and will inform individuals of the uses to which their data will be put. All information is kept with the best interest of the individual in mind at all times.
- 3.3. **Process it only in ways compatible with the purposes for which it was given initially:** Data relating to individuals will only be processed in a manner consistent with the purposes for which it was gathered. Information will only be disclosed on a need-to-know basis and access to it will be strictly controlled. From time to time, it may be necessary for Cork ETB to disclose employees' personal information to third parties, including the Department of Education & Skills, Revenue Commissioners, Department of Social Protection, the Central Statistics Office, the Teaching Council, An Garda Síochána, other educational institutions, banks and other financial institutions, past and future employers, auditors, pension administrators, trade unions, staff associations, the Education Training Board Ireland and/or other bodies. Student (and/or parent/guardian) data may be disclosed to third parties including the Department of Education and Skills (which includes the Inspectorate, and the National Educational Psychological Service (NEPS)), HSE, TUSLA (particularly in relation to Child Protection issues), An Garda Síochána, Universities/Colleges/Institutes, banks (re. the awarding of grants/scholarships) and the Education Training Board Ireland (for the school to obtain advices and support). It may also be necessary to disclose information in order to comply with any legal obligations. Cork ETB takes all reasonable steps as required by law to ensure the safety, privacy and integrity of the information and, where appropriate, enters into contracts with such third parties to protect the privacy and integrity of any information supplied. Cork ETB will endeavour to comply with **Department of Finance Guidelines** (copy available at **Appendix 2**) in relation to the transfer of data to third parties.
- 3.4. **Keep Personal Data safe and secure:** Only those, with a genuine reason for doing so, may gain access to the information. Sensitive Personal Data is securely stored under lock and key in the case of manual records and protected with firewall software and password protection in the case of electronically stored data. Portable devices, storing personal data (such as laptops), should be encrypted and password-protected before they are removed from the Coláiste Stiofáin Naofa premises. Confidential information will be stored securely and, in relevant circumstances, it will be placed in a separate file which can easily be removed if access to general records is granted to anyone not entitled to see the confidential data. Coláiste Stiofáin Naofa stores personal information in controlled access, centralised databases (including computerised and manual files) in the college. Coláiste Stiofáin Naofa will take appropriate security measures against

unauthorised access to, or alteration, disclosure or destruction of the data and against their accidental loss or destruction. Coláiste Stiofáin Naofa acknowledges that high standards of security are essential for processing all personal information and endeavours to comply with the **Department of Finance Guidelines** (see **Appendix 2**) which contains comprehensive guidelines regarding best practice in the area of data security. Some of the security measures we take include:

- Access to files containing personal data (computerised and manual) is restricted to the staff who work in that particular area e.g. only HR staff have access to personnel files.
- Computer systems are password-protected and are backed up on a daily basis to a secure server.
- Coláiste Stiofáin Naofa is secured and alarmed (monitored) when not occupied.
- Waste paper which may include personal information is confidentially shredded.

All Staff shall adhere to the “Records Management Procedures” of Coláiste Stiofáin Naofa, a copy of which is set out at **Appendix 3**.

3.5. **Keep Personal data accurate, complete and up-to-date:** Students, parents/guardians and/or staff should inform the Coláiste Stiofáin Naofa Programme of any change which should be made to their Personal Data and/or Sensitive Personal Data to ensure that the individual’s data are accurate, complete and up-to-date. Once informed, the Coláiste Stiofáin Naofa Programme will make all necessary changes to the relevant records.

A copy of the Coláiste Stiofáin Naofa “**Personal Data Rectification/Erasure Form**” is available at **Appendix 5**. The authority to update/amend such records may be delegated to a member of Coláiste Stiofáin Naofa staff. However, records must not be altered or destroyed without proper authorisation. If alteration/correction is required, then a note of the fact of such authorisation and the alteration(s) to be made to any original record/documentation should be dated and signed by the person making that change. Coláiste Stiofáin Naofa has procedures in place that are adequate to ensure high levels of data accuracy and completeness and to ensure that personal data is kept up-to-date. These procedures include:

- Cross-checking of data entry e.g. entering pay details onto payroll system requires one person to enter the data while another person checks for accuracy.
- Files (electronic and manual) are audited periodically by the internal auditors the Vocational Support Services Unit (VSSU) and the Comptroller & Auditor General (C& AG).
- We rely on the individuals who supply personal information (staff, students and others) to ensure that the information provided is correct and to update us in relation to any changes to the information provided. Notwithstanding this, under Section 6 of the Data Protection Acts, individuals have the right to have personal information corrected if necessary.
- If an individual feels that the personal information held is incorrect, they should complete the “**Personal Data Rectification/Erasure Request Form**” set out at **Appendix 5** and submit it to Coláiste Stiofáin Naofa.

- 3.6. **Ensure that the personal data are adequate, relevant and not excessive:** Only the necessary amount of information required to provide an adequate service will be gathered and stored. Personal data held by Coláiste Stiofáin Naofa will be adequate, relevant and not excessive in relation to the purpose/s for which they are kept. Periodic checks will be made of files (electronic and manual) to ensure that personal data held are not excessive and remain adequate and relevant for the purpose for which they are kept. See **Appendix 3 “Records Management Procedures”** of Coláiste Stiofáin Naofa and **Appendix 4 “Records Retention Schedule”**.
- 3.7. **Retain the personal data no longer than is necessary for the specified purposes for which they were given:** Coláiste Stiofáin Naofa will have a defined policy on retention periods for personal data and appropriate procedures in place to implement such a policy. For more information on this, see the **Record Retention Schedule** as set out at **Appendix 4** of this policy. As a general rule, where the data relate to a Coláiste Stiofáin Naofa student, the information will be kept for the duration of the individual’s time as a Coláiste Stiofáin Naofa student and, thereafter, may be retained for a further period for a specific purpose depending on the nature or classification of the data. In setting retention periods for different sets of data, regard will be had to the relevant legislative and taxation requirements, the possibility of litigation, the requirement to keep an archive for historical purposes and the retention periods laid down by funding agencies e.g. European Structural Funds, NDP. In the case of members of Cork ETB staff, Coláiste Stiofáin Naofa will comply with both DES guidelines and the requirements of the Revenue Commissioners with regard to the retention of records relating to employees. Coláiste Stiofáin Naofa may also retain the data relating to an individual for a longer period of time for the purpose of complying with relevant provisions of law and or/defending a claim under employment legislation and/or contract and/or civil law. Retention times cannot be rigidly prescribed to cover every possible situation and Coláiste Stiofáin Naofa will use the “Record Retention Schedule” as a guideline only. Coláiste Stiofáin Naofa reserves the right to exercise its judgement and discretion in relation to specific classes of data, taking account of its statutory obligations and best practice in relation to each category of records held.
- 3.8. **Provide a copy of their *Personal Data* to any individual, on request:** Individuals have a right to know what Personal Data/Sensitive Personal Data are held about them, by whom and the purpose for which they are held. On making an access request, any individual about Coláiste Stiofáin Naofa keeps *Personal Data*, is entitled to a copy of their personal data and a description of:
- The categories of data being processed;
  - The personal data constituting the data of which that person is the subject;
  - The purpose for the processing;
  - The recipients/categories of recipients to whom the data is or may be disclosed;
  - Any information known or available to the Coláiste Stiofáin Naofa as to the source of those data unless the communication of that information is contrary to the public interest.

To make an access request, the individual should read the **Data Access Procedures** set out at **Appendix 6** and then complete the **Data Access Request Form** set out at **Appendix 7**. Guidance on how the Coláiste Stiofáin Naofa shall handle the Data Access Request is set out at **Appendix 6: Data Access Procedures**.

#### 4. Scope

- 4.1. **Scope:** The functions of the Cork ETB extend to schools, centres and programmes established or maintained by that ETB as well as to the ETB's Head Office. Unless otherwise specified, this Policy shall apply to all those bodies which are under the remit of the ETB.
- 4.2. **Purpose of the Policy:** The Data Protection Acts apply to the keeping and processing of *Personal Data*, both in manual form and on computer. The purpose of this Policy is to assist the ETB to meet its statutory obligations while explaining those obligations to staff. The Policy shall also inform staff, ETB members, students and their parents/guardians how their data will be treated.

**To whom will the Policy apply?** The Policy applies to all staff, ETB members, parents/guardians, students and others (including prospective or potential students and their parents/guardians and applicants for staff positions within the ETB) insofar as Coláiste Stiofáin Naofa handles or processes their *Personal Data* in the course of their dealings with the Coláiste Stiofáin Naofa .

#### 5. Definition of Data Protection Terms

- 5.1. **Definitions:** In order to properly understand Coláiste Stiofáin Naofa's obligations, there are some key terms derived from the Data Protection Acts 1988 and 2003 which should be understood by all relevant staff:
  - 5.1.1. **Data** means information in a form that can be processed. It includes both *automated data* (eg. electronic data) and *manual data*. *Automated data* means any information on computer or information recorded with the intention that it be *processed* by computer. *Manual data* means information that is kept/recorded as part of a *relevant filing system* or with the intention that it form part of a relevant filing system.
  - 5.1.2. **Data Controller** for the purposes of this Policy is the Cork ETB but where the policy is adopted by an ETB School/Centre may also refer to the Board of Management of that School/Centre.
  - 5.1.3. **Relevant filing system** means any set of information that, while not computerised, is structured by reference to individuals or by reference to criteria relating to individuals, so that specific information relating to a particular individual is readily, quickly and easily accessible. Examples might include student files stored in alphabetic order in a filing cabinet or personnel files stored in the HR office.
  - 5.1.4. **Personal Data** means data relating to a **living individual** who is or can be identified either from the data or, from the data in conjunction with

other information that is in, or is likely to come into, the possession of the Data Controller (ie the Cork ETB).

5.1.5. **Sensitive Personal Data** refers to *Personal Data* regarding a person's:

- racial or ethnic origin, political opinions or religious or philosophical beliefs;
- membership of a trade union;
- physical or mental health or condition or sexual life;
- commission or alleged commission of any offence; or
- any proceedings for an offence committed or alleged to have been committed by the person, the disposal of such proceedings, or the sentence of any court in such proceedings, criminal convictions or the alleged commission of an offence.

## 6. Rationale

- 6.1. **Why is it necessary to have a Data Protection Policy?** In addition to its legal obligations under the broad remit of educational and other legislation, Cork ETB has a legal responsibility to comply with the Data Protection Acts 1988 and 2003. This policy explains what sort of data are collected, why they are collected, for how long they will be stored, and with whom they will be shared.
- 6.2. As more and more data are generated electronically and as technological advances enable the easy distribution and retention of this data, the challenge of meeting Cork ETB's legal responsibilities has increased. The ETB takes its responsibilities under Data Protection law very seriously and wishes to put in place safe practices to safeguard individuals' personal data.
- 6.3. It is also recognised that, recording factual information accurately and storing it safely, facilitates an evaluation of the information, enabling the Chief Executive and the ETB Board to make decisions in respect of the efficient running of the ETB. The efficient handling of data is also essential to ensure that there is consistency and continuity where there are changes of personnel within the ETB.

## 7. Other Legal Obligations

Implementation of this policy should take account of the legal obligations and responsibilities imposed on both the ETB and ETB Schools. Some legislation places an obligation on the ETB to obtain and retain personal data and is, therefore, directly relevant to data protection. For example:

- 7.1. Teaching Council Act 2006.
- 7.2. Social Welfare Acts.
- 7.3. Minimum Notice & Terms of Employment Act 1973.
- 7.4. Payment of Wages Act 1979.

- 7.12. Safety, Health & Welfare at Work Act 2005.
- 7.13. Various taxation legislation.
- 7.14. Other employment and equality legislation.
- 7.15. The ETB is also regulated by Circular Letters and Memos issued by the Department of Education and Skills. These regulations require personal data to be collected, retained by the ETB and, in some cases, to be transferred to DES.

The act provides for a lead-in period of six months for these new bodies. Accordingly, with effect from 14th April, 2015, ETBs, their schools, colleges and centres, will be required, subject to certain exceptions/exemptions, to facilitate requests for information held by them, in accordance with the Act.

**7.21. Health Act 1947**

Under Section 26(4) of the Health Act 1947, a School shall cause all reasonable facilities (including facilities for obtaining names and addresses of pupils attending the School) to be given to a health authority who has served a notice on it of medical inspection e.g. a dental inspection.

### **8.3 Annual Post-Primary School October Returns/Examination Entries (known as the "October Returns")**

Each year, all recognised post-primary schools make a return to the Department of Education and Skills, the data from which allow the Department of Education and Skills calculate the teaching posts and core funding to be allocated to each recognised post-primary school, for the following school year. These returns are made in accordance with *The Rules and Programme for Secondary Schools* via a process called the *Annual Post-Primary School October Return/Examination Entries*, or more commonly known as the 'October Returns'.

**8.3.1 Categories:** In making their respective returns to the Department, post-primary schools transfer personal data and personal sensitive data on

each of their enrolled students (including students who have transferred and are enrolled in the school). Sensitive Data which may be sought at the time of enrolment include membership of the travelling community and medical card information. This information is sought and retained for the purpose of completion of the 'October Returns'. The 'October Returns' include sensitive personal data regarding personal circumstances which are provided by parents/guardians and students on the basis of explicit and informed consent. The 'October Return' contains individualised data (such as an individual student's PPS number) which acts as an "identifier" for the DES to validate the data that belongs to a recognised student. The DES also transfers some of this data to other Government departments and other State bodies to comply with legislation, such as transfers to the Department of Social Protection pursuant to the Social Welfare Acts, the State Examinations Commission, the Educational Research Centre and the Central Statistics Office pursuant to the Statistics Acts. The data will also be used by the DES for statistical, policy-making and research purposes. However, the DES advises that it does not use individual data but rather that aggregated data are grouped together for these purposes. The DES has a data protection policy which can be viewed on its website ([www.education.ie](http://www.education.ie)). The DES has also published a "Fair Processing Notice" to explain how the personal data of students contained in the October Returns are processed. This can also be found on [www.education.ie](http://www.education.ie) (search for Circular Letter 0047/2010 in the "Circulars" section). Explicit permission will be sought from parents/guardians before processing this data in line with DES C/L 47/2010.

**8.3.2 Purposes:** The only purpose for which post-primary schools collect these data is to meet the data requirements of their 'October Returns' to the Department. Schools ask parents/guardians and students to complete October Returns for the purposes of complying with DES requirements to determine staffing and resource allocations and to facilitate the orderly running of the schools. The main purpose of the October Returns is for the DES to determine whether students qualify for English language support and/or additional resources and support to meet their particular educational needs. The October Returns are submitted to the DES electronically. The DES has their own policy governing the security of the data sent to them by all post-primary schools. The co-operation of each student and/or their parents/guardians in completing the 'October Return' is greatly appreciated as the school's aim is to ensure that each student is assisted in every way to ensure that s/he meets his/her full potential.

**8.3.3 Location:** Student data are stored in a secure, locked filing cabinet that only personnel who are authorised to use the data can access. Employees are required to maintain the confidentiality of any data to which they have access.

**8.3.4 Security:** Coláiste Stiofáin Naofa maintains manual records (personal file within a relevant filing system), and computer records. Coláiste Stiofáin Nafa has secure lock-up arrangements in administrative areas to protect manual data and computer records are password-protected.

## 8.4 Annual Census for Primary Schools

**8.4.1 Categories:** Sensitive personal data may be sought at the time of enrolment to Primary School and sensitive data may also be sought at certain points during the student's time in the school. Non-sensitive personal data will also be sought, such as the name, address, gender, PPS number, "mother tongue" of the student and their "year of arrival in Ireland". Some personal data will be gathered relating to the student's parents, eg. mother's maiden name. This information is sought and retained by the Department of Education and Skills for the purpose of, *inter alia*, the allocation of resources and/or the completion of the Annual Census. Recognised primary schools must return an Annual Census to the Department of Education and Skills. Where such information is collected for completing these returns, this information should not be used for any other purpose and should be deleted when no longer required. Data on primary school students enrolled as at 30<sup>th</sup> September is returned to the Department of Education and Skills on an annual basis via the Annual Census. Data on students in the census is only returned in an aggregated format. The DES has a data protection policy which can be viewed on its website ([www.education.ie](http://www.education.ie)). The DES has also published a "Fair Processing Notice" to explain how the personal data of students and contained in the Annual Census is processed. This can also be found on [www.education.ie](http://www.education.ie) (search for Circular 17/2014). Explicit permission will be sought from parents/guardians before processing this data in line with DES CL 17/2014.

**8.4.2 Purposes:** The only purpose for which some primary schools may collect some of these data is to meet the data requirements for its 'Annual Census' to the Department. The purpose for which the DES collects this information is set out in the DES Fair Processing Notice which can also be found on [www.education.ie](http://www.education.ie) (search for Circular 17/2014).

### Records Management Procedures

**Note to ETBs: this is an internal document for internal ETB use only. This Appendix does not have to be circulated to students/parents**

#### 1. Purpose

Good records management is of special significance in the context of Cork ETB's functions, where the maintenance of academic records is a core activity. We aim to implement records management procedures, to ensure preservation of records of permanent value and to establish archival criteria to maintain and assure continued access to appropriate historical records.

#### 2. Ownership of Records

All records, irrespective of format, (i.e. both manual and automated data) created or received by ETB staff in the course of their duties on behalf of Cork ETB, are the property of Cork ETB and subject to its overall control. Any employees leaving Cork ETB or changing positions within Cork ETB must leave all records intact for their successors and it is not permitted to remove or retain records (in electronic or manual format) for any reason.

#### 3. Management of ETB Records

- 3.1. All records created and received by ETB staff in the course of their duties on behalf of Cork ETB must be retained for as long as they are required to meet the legal, administrative, financial and operational requirements of Cork ETB, after which time, they are either destroyed or transferred to Cork ETB archives.
- 3.2. The final disposition (either destruction or transfer to the archives) of records is carried out according to approved Records Retention Schedules as appended to the Cork ETB Data Protection Policy.
- 3.3. While the Records Retention Schedule (See Appendix 4) prescribes the minimum period that ETB records must be retained, officers may, at their discretion, keep the records for a longer period of time if it is deemed necessary and appropriate and where they are required for a specific purpose (e.g. the defence of litigation).
- 3.4. A list of the vital records held within Cork ETB, shall be prepared and reviewed periodically. For example, Board/Committee meetings, Sub-Committee meetings, Board of Management meetings, financial information, legal documentation etc. should be included in this. It is recommended that vital records be duplicated, with one set being stored on site and the other off-site in case of a disaster such as fire.

#### 4. Employee Duties

- 4.1. All ETB employees are responsible for making and keeping the records of their work and shall:
  - 4.1.1. Comply with the "Filing Guidelines" set out below.
  - 4.1.2. Create records needed to do the business of Cork ETB, record decisions and actions taken, generally document activities for which they are responsible and take care of records so that information can be found

when needed. This means establishing or adhering to good directories and files and filing materials (in any format) regularly and carefully in a manner that allows them to be safely stored and efficiently retrieved and returned when necessary.

- 4.1.3. Ensure that all records under their control are stored/retained/destroyed or archived in accordance with Cork ETB's Records Retention Schedule (see Appendix 4 of the ETB Data Protection Policy).

## 5. Retention and Disposal

- 5.1. After the records have been retained by Cork ETB (in-situ or in off-site storage) for the requisite time in the Record Retention Schedule, they are either securely destroyed (e.g. by confidential cross-shredding by a third party contractor retained pursuant to a Data Processing Agreement as required by the Data Protection Policy of Cork ETB) or securely transferred to archival storage.
- 5.2. It is the responsibility of the Principal/Manager/Data Protection Officer/Head of Department to ensure that records are scheduled as necessary to be retained in the appropriate storage facility or securely disposed of.
- 5.3. If a file is to be destroyed, a Destruction Record Form needs to be completed by the employee and countersigned by the senior member of staff responsible for records destruction. The Destruction Record Form shall be filed and kept permanently.
- 5.4. A Destruction Register must be created and maintained by each administrative department/school/institute centre/programme under the remit of Cork ETB which contains all the completed Destruction Record Forms.

## 6. Life-Cycle of Records within the ETB

- 6.1. Each record has a Life Cycle, which is as follows:
  - Current Records:** Records that are held on-site in offices and are used on a very regular basis.
  - Non-Current Records:** Records that are needed for occasional reference. They can be held on-site in a dedicated storage area or stored off-site with easy access.
  - Disposition:** Records which should either be archived or securely and confidentially cross-shredded.
- 6.2. **Current Records:**
  - 6.2.1. **Active Records:** Records that are required and referred to constantly for current use and which need to be retained and maintained in office space and equipment close and readily accessible to users
  - 6.2.2. **Semi-active Records:** Records that are referred to infrequently and are not required constantly for current use. Semi-active records are removed from office space to storage until they are no longer needed.
- 6.3. **Non-Current Records**
  - 6.3.1. **Inactive Records:** Records which are no longer required to carry out the functions for which they were created. They should be stored until the retention period has lapsed.
  - 6.3.2. **Permanently Valuable Records – Archives:** Include records with legal, operational, administrative, historical, scientific, cultural and social significance.

## **Filing Guidelines**

- a) Before filing a piece of paper, ask yourself, "Will I need this in the future?" Don't keep a piece of paper just on the chance that you may need it "someday."
- b) Don't always save every draft of a document. For most purposes the final version is sufficient.
- c) Don't file multiple copies of the same document, unless justified.
- d) The originator normally keeps copies of reports and correspondence. Just because a document is sent to you doesn't mean that you are obliged to keep it indefinitely. If you need to see it again, ask the originator for another copy.
- e) If, for example, records are scheduled for destruction after three years, don't store them for five years.
- f) In general, records received from ETB schools/institutes/centres/offices should be filed under the name of the originating school/institute/centre/office.
- g) Some records may belong under more than one series or category. To handle this, file the records in one category and place a cross-reference note in the other. It is important to be consistent in deciding where to file records. Once information is filed in a given series and category, it should always be filed there.
- h) Label and date all files.
- i) Color-coding the different series is a useful tool, especially for refiling folders.
- j) Create a file guide with a description of the filing system and instructions for the user so new personnel can continue to use the filing system easily. This will also avoid the arbitrary creation of new file folders.
- k) Create cross-listings to help locate items. Create a file database on the PC using the file-folder heading, cross-listing, and location notes.
- l) Spell out acronyms and abbreviations.
- m) Sort records prior to filing.
- n) Use staples rather than paper clips in folders.
- o) Discard envelopes if the return address is available on the document itself. Most phone messages, illegible notes, and routine acknowledgements can also be discarded.
- p) Do not overfill file folders. If they are overfilled, divide them into several folders with the same name and File number (e.g.: Maternity Leave Applications 2008/2009, File 1).
- q) Do not overstuff file drawers. This can make retrieval of files difficult, as well as creating a dangerous work environment.
- r) Weed files regularly, using the approved Record Retention Schedule.
- s) Consider using "Out Markers" when removing folders for use. This makes refiling much easier and lets others in the office know that a file exists so another is not created, who has the file and when it was checked out.

## Appendix 6

### Data Access Procedures Policy

**Date of adoption by** Coláiste Stiofáin Naofa :

The Data Protection Acts, 1988 and 2003 provide for a right of access by an individual data subject to personal information held Cork ETB. The following procedure is provided to ensure compliance with the ETB's obligations under the Acts and governs the manner in which requests for access to personal data will be managed by Coláiste Stiofáin Naofa. A data subject is required to familiarise him/herself with the procedure and to complete the **Data Access Request Form** (see Appendix 7 of the Data Protection Policy). This will assist the ETB/School/College/Centre/Programme in processing the access request, where personal information (or in the case of a parent/guardian making an access request on behalf of a student, personal information in relation to their child) of a data subject is processed and retained by Coláiste Stiofáin Naofa. It is important to note that only personal information relating to the individual (or in the case of a parent/guardian making an access request on behalf of a student, only personal information in relation to his/her/their child) will be supplied. No information will be supplied that relates to another individual.

#### **Important note to students making access requests**

Where a student (aged under 18 years) makes an access request, Coláiste Stiofáin Naofa may inform the student that:

- (a) Where they make an access request, their parents will be informed that they have done so; and
- (b) A complete copy of the access request materials being furnished to the data subject by Coláiste Stiofáin Naofa will also be furnished to the student's parent/guardian.

This is provided for in the ETB's Data Protection Policy. The right of access under the Data Protection Acts is the right of the data subject. However, there may be some data held by Coláiste Stiofáin Naofa which may be of a sensitive nature and Coláiste Stiofáin Naofa will have regard to the following guidance issued by the Office of the Data Protection Commissioner in relation to releasing such data:

- a) A student aged **eighteen years or older** (and not suffering under any medical disability or medical condition which may impair his or her capacity to give consent) may give consent themselves.
- b) If a student aged **eighteen years or older** has some disability or medical condition which may impair his or her ability to understand the information, then parental/guardian consent will be sought by the school before releasing the data to the student.

- c) A student aged from **twelve up to and including seventeen** can be given access to their personal data, depending on the age of the student and the nature of the record, i.e. it is suggested that:
- If the information is ordinary, routine or non-controversial (e.g. a record of a test result) the student could readily be given access.
  - If the information is of a sensitive nature, it would be prudent to seek parental/guardian consent before releasing the data to the student.
  - If the information would be likely to be harmful to the individual concerned, parental/guardian consent should be sought before releasing the data to the student.
- d) In the case of students under the age of twelve, an access request may be made by their parent or guardian on the student's behalf. However, Coláiste Stiofáin Naofa must note that the right of access is a right of the data subject themselves (i.e. it is the right of the student). Therefore, access documentation should be addressed to the child at his/her address which is registered with the school as being his/her home address. It should not be addressed or sent to the parent who made the request. For further information, see "Important Note to Parents Making Access Requests on Behalf of their Child" below.

#### **Important note to parents making access requests on behalf of their child**

Where a parent/guardian makes an access request on behalf of their child (a student aged under 18 years), the right of access is a right of the data subject (i.e. it is the student's right). In such a case, the access materials will be sent to the child, not to the parent who requested them. This means that the access request documentation will be sent to the address at which the child is registered on the school's records and will be addressed to the child. The documentation will not be sent to or addressed to the parent/guardian who made the request. Where a parent/guardian is unhappy with this arrangement, the parent/guardian is invited to make an application to court under section 11 of the Guardianship of Infants Act 1964. This provision enables the court (on application by a guardian) to make a direction on any question affecting the welfare of the child. Where a court issues an order stating that a school should make certain information available to a parent/guardian, a copy of the order should be given to the school by the parent/guardian and the school can release the data on foot of the court order.

#### **Individuals making an access request**

On making an access request, any individual (subject to the restrictions in Notes A and B below) about whom Coláiste Stiofáin Naofa keeps *Personal Data*, is entitled to:

- a copy of the data which is kept about him/her (unless one of the exemptions or prohibitions under the Data Protection Acts apply, in which case the individual will be notified of this and informed of their right to make a complaint to the Data Protection Commissioner);
- know the purpose/s for processing his/her data;
- know the identity (or the categories) of those to whom the data is disclosed;
- know the source of the data, unless it is contrary to public interest;
- where the processing is by automated means (e.g. credit scoring in financial institutions where a computer program makes the "decision" as to whether a loan should be made to an individual based on his/her credit rating), know the logic involved in automated decisions.

## Data access requirements

To make an access request, you, as a data subject must:

1. Apply in writing, requesting access to your data under section 4 Data Protection Acts or, alternatively, request an Access Request Form (see Appendix 7 of the Data Protection Policy) which will greatly assist the ETB in processing your access request more quickly. In the case of ETB Schools/Colleges/Centres/Programmes, correspondence should be addressed in the first instance to the school principal/centre manager (save where personnel files or other files are retained by Coláiste Stiofáin Naofa – in such circumstances correspondence should be addressed to the Chief Executive of the ETB).
2. You will be provided with a form which will assist Coláiste Stiofáin Naofa in locating all relevant information that is held, subject to the exceptions and prohibitions outlined in **Appendix A**. Coláiste Stiofáin Naofa reserves the **right to request official proof of identity** (e.g. photographic identification such as a passport or driver's licence) where there is any doubt on the issue of identification.
3. On receipt of the access request form, a data protection officer will be appointed to check the validity of your access request and to check that sufficient information to locate the data requested has been supplied (particularly if CCTV footage/images are to be searched). In the case of ETB schools/colleges/centres/programmes, the data protection officer is the Chief Executive of the ETB (or his delegated officer). It may be necessary for the data protection officer to contact you in the event that further details are required with a view to processing your access request.
4. The data protection officer will log the date of receipt of the valid request and keep a note of all steps taken to locate and collate the requested data.
5. The data protection officer will ensure that all relevant manual files (held within a "relevant filing system") and computers are checked for the data in respect of which the access request is made.
6. The data protection officer will ensure that the information is supplied promptly and within the advised timeframes in items 7, 8 and 9 below, as appropriate.
7. **Where a request is made under Section 3 of the Data Protection Acts**, the following information will be supplied: (i) what the ETB/School/College/Centre/Programme holds by way of personal information about you ((or in the case of a request under section 3 made by a parent/guardian of a student aged under 18 years, the personal information held about that student) and (ii) a **description** of the data together with details of the purposes for which his/her data is being kept will be provided. Actual copies of your personal files (or the personal files relating to the student) will not be supplied. No personal data can be supplied relating to another individual. A response to your request will be provided within 21 days of receipt of the access request form and no fee will apply.
8. **Where a request is made under Section 4 of the Data Protection Acts**, the following information will be supplied within **40 days and an administration fee of €6.35 will apply**. The individual is entitled to a copy of all personal data, i.e.
  - A copy of the data which is kept about him/her (unless one of the exemptions or prohibitions under the Data Protection Acts applies, in

- which case the individual will be notified of this and informed of their right to make a complaint to the Data Protection Commissioner);
- Be advised of the purpose/s for processing his/her data;
  - Be advised of the identity (or the categories) of those to whom the data is disclosed;
  - Be advised of the source of the data, unless it is contrary to public interest;
  - where the processing is by automated means (e.g. credit scoring in financial institutions where a computer program makes the “decision” as to whether a loan should be made to an individual based on his/her credit rating), know the logic involved in automated decisions.
9. Where a request is made with respect to **examination results** an increased time limit of **60 days** from the date of the first publication of the results or from the date of the access request, whichever is the later will apply.
  10. Before supplying the information requested to the data subject (or where the access request is made on behalf of a student aged under 18 years, information relating to the student), the data protection officer will check each item of data to establish:
    - If any of the exemptions or restrictions set out under the Data Protection Acts apply, which would result in that item of data not being released; or
    - where the data is “health data”, whether the obligation to consult with the data subject’s medical practitioner applies; or
    - where the data is “social work data”, whether the prohibition on release applies.
  11. If data relating to a third party is involved, it will not be disclosed without the consent of that third party or, alternatively, the data will be anonymised in order to conceal the identity of the third party. Where it is not possible to anonymise the data to ensure that the third party is not identified, then that item of data may not be released.
  12. Where Coláiste Stiofáin Naofa may be unsure about what information to disclose, Coláiste Stiofáin Naofa reserves the right to seek legal advice.
  13. The data protection officer will ensure that the information is provided in an intelligible form (e.g. codes explained) or will provide an explanation.
  14. Number the documents supplied.
  15. Have the response “signed-off” by an appropriate person. In the case of ETB Schools/Colleges/Centres/Programmes this function is undertaken by the Chief Executive of the ETB/nominee.
  16. The ETB/School/College/Centre/Programme will respond to your access request within the advised timeframes contingent on the type of request made.
  17. The ETB/School/College/Centre/Programme reserves the right to supply personal information to an individual in an electronic format e.g. on tape, USB, CD etc.
  18. Where a subsequent or similar access request is made after the first request has been complied with, the ETB/School/College/Centre/Programme has discretion as to what constitutes a reasonable interval between access requests and this will be assessed on a case-by case basis.
  19. Where you, as an individual data subject, may seek to rectify incorrect information maintained by the ETB/School/College/Centre/Programme, please notify the ETB/School/College/Centre/Programme and a form will be supplied to you for this purpose. You should, however, note that the right to rectify or

delete personal data is not absolute. You have the right to make a complaint to the Data Protection Commissioner about a refusal. Where the ETB/School/College/Centre/Programme declines to rectify or delete the personal data as you have instructed, the ETB/School/College/Centre/Programme may propose to supplement your personal record, pursuant to section 6(1)(b) Data Protection Acts.

20. In circumstances where your access request is refused, Coláiste Stiofáin Naofa will write to you explaining the reasons for the refusal and the administration fee, if provided, will be returned. In such circumstances, you have the right to make a complaint to the Office of the Data Protection Commissioner (see [www.dataprotection.ie](http://www.dataprotection.ie) for details). Similarly, the administration access fee will be refunded to you if the ETB/School/College/Centre/Programme has to rectify, supplement or erase your personal data.
21. **Where requests are made for CCTV footage**, an application must be made in writing and the timeframe for the response is within 40 days. All necessary information such as the date, time and location of the recording should be given to the ETB/School/College/Centre/Programme to assist the ETB/School/College/Centre/Programme in dealing with your request. Where the image is of such poor quality as not to clearly identify an individual, that image may not be considered to be personal data. In providing a copy of personal data, the ETB/School/College/Centre/Programme may provide the materials in the form of a still/series of still pictures, a tape, disk, USB, with relevant images. Other people's images will be obscured before the data is released. If other people's images cannot be obscured, then the images/recordings may not be released.

There are a number of exceptions to the general rule of right of access, including those specified in Notes A and B in **Appendix A**.

**This procedure is regularly reviewed in line with the ETB/School/College/Centre/Programme commitment to its responsibilities under data protection.**

## Appendix A to the Data Access Procedures Policy

### Note A: Access requests by students

- A student aged **eighteen years or older** (and not suffering under any medical disability or medical condition which may impair his or her capacity to give consent) may give consent themselves. May be given access.
- If a student aged **eighteen years or older** has some disability or medical condition which may impair his or her ability to understand the information, then parental/guardian consent will be sought by the school before releasing the data to the student.
- A student aged from **twelve up to and including seventeen** can be given access to their personal data, depending on the age of the student and the nature of the record, i.e. it is suggested that
  - If the information is ordinary, routine or non-controversial (e.g. a record of a test result) the student could readily be given access
  - If the information is of a sensitive nature, it would be prudent to seek parental/guardian consent in writing before releasing the data to the student. Where the parent/guardian does not give their consent to releasing the data to the student, legal advice should be sought
  - If the information would be likely to be harmful to the individual concerned, parental/guardian consent should be sought before releasing the data to the student.
- In the case of students **under the age of twelve**, an access request may be made by their parent or guardian on the student's behalf. The consent of the child need not be obtained. However, the ETB/School/College/Centre/Programme must note that the right of access is a right of the data subject themselves (i.e. it is the right of the student). Therefore, access documentation should be addressed to the child at his/her address which is registered with the school as being his/her home address. **It should not be addressed or sent to the parent who made the request.** For further information, see "Important Note to Parents Making Access Requests on Behalf of their Child" below.
- In any of the circumstances outlined above, if the data contains health data and disclosure would be likely to cause serious harm to the physical or mental health of the individual concerned, the ETB/School/College/Centre/Programme is obliged to withhold the data until they have consulted with the data subject's medical practitioner and (in the case of a student under 18 or a student with special educational needs whose disability or medical condition would impair his or her ability to understand the information), parental/guardian consent should also be sought.
- In some cases (i.e. where the information is "**health data**"), it is advised that the data be supplied by the medical practitioner.
- In any of the circumstances outlined above, if the data contains **social work data** and disclosure would be likely to cause serious harm to the physical or mental health of the individual, the ETB/School/College/Centre/Programme is not permitted to release the data to the individual.

## Note B: Exceptions to note:

Data protection regulations **prohibit** the supply of:

- **Health data** to a patient in response to a request for access, if that would be likely to cause serious harm to his or her physical or mental health. This is to protect the individual from hearing anything about himself or herself which would be likely to cause serious harm to their physical or mental health or emotional well-being. In the case of health data, the information can only be released after the ETB/School/College/Centre/Programme has consulted with the appropriate health professional (usually the data subject's GP).
- *Personal Data* obtained in the course of carrying on social work ("**social work data**") (personal data kept for or obtained in the course of carrying out social work by a Government department, local authority, TUSLA etc) are also restricted in some circumstances if it they would be likely to cause serious harm to the health or emotional condition of the data subject concerned. In the case of social work data, the information cannot be supplied at all if the ETB/School/College/Centre/Programme believes they would be likely to cause serious harm to the physical or mental health or emotional condition of the data subject. If the social work data include information supplied to the ETB/School/College/Centre/Programme by an individual (other than one of the ETB/School/College/Centre/Programme employees or agents) while carrying out social work, the ETB/School/College/Centre/Programme is not permitted to supply that information to the data subject without first consulting the individual who supplied the information.

The Data Protection Acts state that the following data is **exempt** from a data access request:

1. Section 5 of the Data Protection Act provides that the right of access does not apply in a number of cases in order to strike a balance between the rights of the individual, on the one hand, and some important needs of civil society on the other hand. Examples would include the need for state agencies (like An Garda Síochána) to **investigate crime** effectively and the need to protect the international relations of the State.
2. **Estimates of liability:** where the personal data consists of or is kept for the purpose of estimating the ETB's liability on foot of a claim for damages or compensation and where releasing the estimate would be likely to prejudice the interests of the ETB in relation to the claim, the data may be withheld.
3. **Legally privileged information:** the general rule is that all documentation prepared in contemplation of litigation is legally privileged. So, correspondence between the ETB and their solicitors/legal advisors in relation to a case against the ETB should not be disclosed to the claimant pursuant to a data access request.
4. Section 4 states that the right of access does not include a right to see **personal data about another individual**, without that other person's consent. This is necessary to protect the privacy rights of the other person. If it is reasonable for the ETB/School/College/Centre/Programme to conclude that redacting or omitting the particulars identifying the third party would both conceal the identity of the third party and enable the data to be disclosed (subject to the redactions), then the data could be disclosed with such redactions. However, if

it is not possible to redact or omit the particulars which identify a third party, then the affected data should not be released to the applicant.

5. Section 4 also states that where personal data consists of **expressions of opinion** about the data subject made by another person, the data subject has a right to receive that expression of opinion **except** where that expression of opinion was given in confidence and on the clear understanding that it would be treated as confidential.
6. The obligation to comply with an access request does not apply where it is impossible for the ETB/School/College/Centre/Programme to provide the data or where it involves a disproportionate effort.

Where an ETB/School/College/Centre/Programme refuses to hand over some or all of the personal data they hold in relation to a data subject (on the basis of any of the exemptions or prohibitions set out above), the ETB/School/College/Centre/Programme must advise the data subject of this in writing, setting out reasons for the refusal and notifying the data subject that he or she has the right to complain to the Office of the Data Protection Commissioner about the refusal.
