Welcome to CSN College

As a student, you are most welcome to the college. I hope that you will find the year ahead enjoyable, satisfying and successful.

CSN College offers a friendly and lively environment in which to learn. The college prides itself in having a dynamic and dedicated staff to meet students' needs. The college also recognises the lifelong skills to be gained by involvement in extra-curricular activities. Thus you are encouraged to get involved in the lively array of clubs and societies on offer.

This handbook is intended to be a useful source of information about the college, its staff and services.

I would like to take this opportunity to wish you every success during the year.

Vivienne MacSweeney

CSN College Attendance Policy

100% attendance and participation are expected from every student.

Attendance will be taken at every class.

Students are expected to be punctual for every class.

An acceptable attendance record is required to achieve full award.

If a student's attendance and participation are deemed unsatisfactory, they will not be able to continue on the course.

If a student is absent for any reason they must contact the Course Director immediately by email or telephone.

In the event of illness (3 consecutive days or more), students must bring a medical certificate and present it to the main office.

Accommodation

An accommodation list is available from main reception.

Every year, the college is host to a large body of students from different parts of the country and indeed from different corners of the world. To this end, the college provides a list of addresses to students who wish to avail of local accommodation with families. Alternatively, local newspapers and flat finding agencies will help you select the most suitable place while attending your course. Additionally, the college is within easy reach of a number of the recently constructed student accommodation complexes in Cork.

CSN College Clubs & Societies

Sport Clubs

Details of all sports clubs will be posted on the sports noticeboard outside the canteen.

If you wish to get involved in organising a CSN club or society, contact the Student Services department as soon as you begin college. Any further queries can be addressed by your class rep at Student Council meetings.

CSN College Canteen

The catering department provides a delicious range of appetising snacks and meals for staff and students throughout the college year. The emphasis is on "home cooking" for the student pocket. All the food is freshly prepared on a daily basis using local produce of the finest quality. No wonder the cafeteria is the social hub of C.S.N. The cafeteria opens at 8:00a.m and closes at 3.00p.m. There is a wide range of snacks and refreshments available from vending machines to cater for students when the kitchen is closed.

CSN College Information + Communications Technology

Contact: Richard O'Sullivan

Email: r.osullivan@csn.ie

Access to the college's ICT resources is a privilege extended to you (the student) by the college authorities. In order to exercise this privilege, you will require a unique and active user account. User accounts can only be obtained from your course director. All users of the college networks are expected to comply with the college's Terms of Services Agreement (TSA).

The cost of using certain ICT resources, e.g., Internet facilities, printers, scanners, etc., is partly covered by your student services fee. Photocopying costs are **NOT** covered by the student services fee. Students will receive a fixed weekly print quota, allowing you to print for free, over this quota allowance there is a charge. The direct 'cost' of printing is 1c per monochrome page and 2c per colour page. The printing quota is reset weekly and unused pages are NOT carried forward.

To allow for the effective use of ICT facilities and the creation of a pleasant and safe working environment, you are asked to observe the following points:

- use of the college network is only permissible with a valid CSN user account
- users are required to log-on and log-off for ALL timetabled computer classes

- computers and IT resources may only be used by students actively engaged in college approved or course related work
- Internet access is moderated and access to content is filtered via proxy. Inappropriate browsing of Internet sites, downloading/installing of non-commissioned software, transmission of illegal /defamatory or obscene material is not acceptable and will incur penalties/sanctions where appropriate
- **students are directly responsible for backing up their computer based work.** To this end, the use of removable devices is permitted, but students are expected to use the provided anti-virus software to scan any such device before opening files therein. The college accepts no responsibility for the transmission of viruses or malware if precautionary scans are not undertaken
- students are not allowed to interfere with, remove or dismantle any computer or audio-visual equipment and/or disconnect computers from the college network without the express permission of the IT department
- students are not permitted to install ANY software
- students are not allowed to infringe copyright and/or affect the proprietary rights of legitimate software vendors
- using computers to play online games is explicitly forbidden
- using chat room facilities that are not college approved is explicitly forbidden
- using social media sites that are not college approved is explicitly forbidden
- no food or drink is allowed in any room that hosts computers, at any time
- the use of mobile phones in computer rooms is prohibited

Computer rooms are classrooms! Students are asked to work quietly at all times and avoid unnecessary disruption to other users of the facility. Each student is responsible for his/her actions and is accountable to all staff

members of this college. If a member of staff observes any student in breach of college regulations, the offending student will be asked to cease that activity immediately. Students who do not fully comply with any such request may also face sanctions or punitive measures.

Internet Legislation

The college will provide, on request, information on the following legislation relating to the use of the Internet which students can familiarize themselves with

- EU Internet Activity Legislation Act (2009)
- Data Protection Act - Amendment (2003)
- Attacks against Communications Systems (2002)
- Copyright and Related Rights Act (2000)
- Child Trafficking and Pornography Act (1998)
- Interception Act (1993)
- Video Recordings Act (1989)
- Data Protection Act (1988)

Using ICT facilities outside of timetabled computer classes Students wishing to avail of ICT resources and facilities under these circumstances are advised to observe the following points:

- the student 'Common Room' hosts a number of workstations for use during non-timetabled classes and is available for open access Monday to Friday from 9.00am onwards
- where appropriate, students **MUST** seek the permission of the teacher taking classes in the facility at that time. Any such permission must be sought prior to a timetabled class commencing. Please note that permission is granted at the discretion of the teacher in question and may not always be given
- students who are granted access to a computer room during non-timetabled classes are **NOT** allowed to seek instruction from teachers operating in the room at that time

- students are not allowed to use computer facilities without due supervision
- students must carry their CSN ID card beside them at all times when using the IT facilities outside of timetabled classes

Computer Viruses & Malware

Anti-virus and anti-malware software is installed on all computers in the college. While every effort is made to ensure 'risk-free' usage, the service is offered an '*as-is*' basis only. CSN College cannot accept responsibility for the transmission of viruses or malware across personal systems. Students are free to use personal devices to port files and data between home computers and the college system, BUT it is the responsibility of the student to ensure they take appropriate action to safeguard their work

Social Networking Sites

It is recognised that certain social networking sites can provide a legitimate service and nothing will be done to interfere with such use where permission has been sought and approved and adequate precautions are taken to protect network performance and security. However, CSN College reserves the right to disable access to social networking sites if there is ANY evidence that their continued use is likely to cause a degradation of network performance or security or there is a risk that it will expose the college to legal action. It also reserves the right, through the IT department, to disconnect ANY computer and/or user from the network where there is evidence that the computer is being used in a manner which breaches copyright or data protection legislation or which puts the services available to other users at risk.

Peer-to-Peer File-Sharing (P2P) and Torrents

CSN College reserves the right to disable access to P2P applications (torrents, file sharing hosts, etc.) if there is any evidence that their continued use is likely to cause a degradation of network performance or security, or there is a risk that it will expose the college to legal action. It also reserves the right, through the IT department, to

disconnect any computer or personal device, and/or user from the network where there is evidence that the computer or personal device is being used in a manner which breaches copyright or data protection legislation or which puts the services available to other users at risk.

Wireless Internet Access

CSN College provides Internet access via a college-wide wireless network zone. The wireless service is provided on an '*as-is*' basis and individual 'one-on-one' support is NOT provided. Students wishing to avail of this service can do so at no additional cost, but any such access will only be possible via a 'login' screen AND an active CSN account. No access will be provided without a legitimate account.

Please note that wireless Internet access can only be provided through the IT department via a compatible laptop, netbook, smartphone and/or media tablet device. In special circumstances, the student may need to provide the IT department with the said device before access may be granted.

Sanctions

Physical abuse of ICT equipment, misuse of the Internet and/or other computer facilities will result in the immediate withdrawal of access privileges for an indefinite period of time. In the event of a serious breach of college regulations, access privileges will only be restored following a meeting between the student, the course coordinator and the IT department administration. Further punitive measures may also be incurred, i.e., suspension or expulsion from a course of study. The college also reserves the right to report any illegal activities to the appropriate authorities.

CSN College Student Guidelines

Attendance / Punctuality / Behaviour

Students are being trained and equipped with the necessary skills to take up employment in the workplace. Therefore the college will apply the attendance/punctuality/behaviour expectations of the workplace.

Students will be expected to have excellent levels of attendance/punctuality. It is recognised that there will be times when students will be unable to attend classes for various reasons. In such instances, students will be expected to explain these absences to their teacher or Course Director.

Students who have difficulty with start/finishing times should make alternative arrangements with the Course Director.

Staff will regularly monitor students' attendance/punctuality.

Conduct

The College requires students to conduct themselves with consideration for others in and around College buildings and also in public places. Inappropriate behaviour would include;

- any conduct which disrupts or is likely to disrupt teaching or the administration of the College;
- use or attempted use of unauthorised or unfair means in connection with examinations;
- violent, reckless or negligent conduct causing or intending to cause, damage to persons or property, or disorderly conduct;
- gross or repeated offensive behaviour towards any member of the College staff;
- failure to comply with any of the College Regulations.

If a student persists in poor attendance/punctuality/behaviour and/or is affecting the smooth running of the course, the student will be asked to leave the course.

No Smoking

In the interests of the common good and particularly in helping to promote a clean and healthy environment within the College, students must observe "**No Smoking**" signs. Any student found smoking in any area of the College other than a designated smoking area may be suspended. There is a smoke shelter located between the college building and the gym.
